Make a Difference!

Strengthening communities one
step at a time

YOUR COMMUNITY NEEDS YOU!

The good news is you don't have to be the President of a Nation, a Nobel Prize winner, or a Captain of Industry to make a difference in our world.

Each and every one of us has the potential to change our communities for the better - even if it's in a small way, in our own "back-yard."

MAKE A DIFFERENCE!

If you've always wanted to do something to make your community a better place, but not quite known where to start, then "Make a Difference!" is the workshop for you. Maybe you have an idea for a community project already; perhaps you just want to help out more at the kid's kinder, or maybe you still need to find somewhere to get involved and see how you can contribute.

"Make a Difference!" is a simple but effective workshop program designed to give you the inspiration, understanding, and confidence to take the next step!

"Make a Difference!" takes participants through a day of discussions and activities, exploring the following:

- Community Development - What is it and why is it important?
- Effective Leadership - Motivating and inspiring others
- Being Your Best "You" - What do you dream of?
- Networking and Mentoring - Making connections that can help.
- Community Leadership Programs - So you want to learn more?

Throughout the workshop, you will be developing your idea for a Community Project that will "Make a Difference!" for your community.

*And remember - in making difference for others,
we can make a big difference in ourselves too!*
