Megan J Buntine Consulting Services

## SPECIAL OFFER

Let's talk Good Governance

One-hour **FREE** phone consultation for  
community-based Committees and Boards

To assist you with your Good Governance in 2021 Megan is offering your organisation a one-hour **FREE** phone consultation. This is a great opportunity to talk with a governance expert.

“

You may want to complete my **Good Governance Health Check** first and we can use the results of this as a starting point for our conversation.

Or you may already have some burning issues that you would like to discuss with me. ”

## What our clients are saying:

Really appreciate your assistance Megan with getting us back on track – things seem to get a bit cloudy from time to time. Your experienced eye certainly provides an independent double-check for our Board, and you were, of course, correct in relation to the changes to our Board composition – when speaking with Consumer Affairs Victoria we were advised to articulate the changes in the new rules as you had suggested. Again, greatly appreciated your time speaking to us, and we look forward to working with you again in the future!

Thanks so much Megan for your very generous pro bono consultation with our governance sub-committee. Your advice in relation to reviewing our Rules was invaluable and has positioned us well to take the next steps towards achieving Deductible Gift Recipient status with the ATO. As always, your support was very practical, down to earth, and accessible to all members of our team, and we appreciate very much that you always go 'above and beyond' – regardless of whether providing pro bono support, or when commissioned.

It was great to hear your 'common sense' approach to our changing of the Rules of Association at our state-wide meeting earlier this year. And your advice on the phone to our Chair and I in relation to our particular queries was just what we needed to help us get all the ducks lined up prior to going for the PBI status. Thanks so much Megan – your time and supporting docs are much appreciated!
