Not-for-profit Board Refresh & Refocus

Helping NFP Boards
keep up-to-date,
informed, and engaged

REVISIT - REFRESH
DEVELOP - LEARN - GROW

Keeping your Board members up-to-date and informed includes providing regular refreshers on purpose and strategy, and roles and responsibilities.

But in the busy-ness of day-to-day organisational oversight, not-for-profit organisations often put off this equally important aspect of good governance.

The NFP Board Refresh & Refocus Program steps your Board through a revisit of the fundamentals that underpin your organisational purpose and the Board's role in overseeing delivery of that purpose, and is the ideal program to kick off the new Board year following your Board elections and appointments.

A tailored program
to support your
board to keep
focused on what's
most important

DELVE INTO AND DISCUSS:

The fundamentals of
your Vision, Mission,
Purpose, and Strategy

Your Board's key
governance roles and
responsibilities

Your organisation's
services, successes and
current challenges
